

About Us

Our name, "IntraVires," means "within the law" and reflects our unwavering commitment to providing expert, customized, independent and cutting-edge compliance support to our clients across the healthcare community.

We enable lasting solutions in times of compliance crises, such as making a self-disclosure; responding to government reviews, audits, or investigations; independent investigations; breaches; or improving compliance program effectiveness and relevance within the organization.

We support ethical decision making by Boards of Directors, Audit and Compliance Committees.

We support leadership in times of growth and change.

We help you to "get better compliance" in today's changing healthcare world.

What We Do

- 🔗 Connect Compliance and Legal Counsel to manage government civil and criminal investigations, self-disclosures, audits, and sustainable corrective actions.
- 🔗 Prepare clients for audits and reviews.
- 🔗 Serve as a resource to Boards, Audit Committees, and Compliance Officers for Compliance and Privacy Programs.
- 🔗 Develop and operationalize integrated policies and procedures. Develop and implement education and training objectives.
- 🔗 Support a compliant physician compensation process.
- 🔗 Help to manage conflicts of interest.
- 🔗 Find solutions to supply chain, pharmacy, 340B Program, or lackluster compliance cultures.
- 🔗 Develop compliance programs for ACO's and provider-owned payers.
- 🔗 Provide interim compliance leadership and support recruitment efforts.

What Sets Us Apart

- 🔗 We have extensive knowledge and experience in healthcare operations and governance that gives credibility for rapid cycle gains.
- 🔗 We connect the dots between operations and compliance.
- 🔗 While we focus on details, we never neglect the client's goals and cultural impact of our work.
- 🔗 We work closely with clients to find sustainable and audit-ready solutions.
- 🔗 We are cost-conscious. We do not leverage pricing over tiers of associates nor upsell ourselves.
